DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(f) he did not himself invent the subject matter sought to be patented.

2. Claims 17-46 are rejected under 35 U.S.C. 102(f) because the applicant did not invent the claimed subject matter. The Declaration under 37 C.F.R. 1.132 does not overcome the 102(f) rejection but raises more questions as to who are the inventors of the application. The Declaration states: "We, the undersigned, are the inventors of the subject matter claimed in U.S. patent application serial no. 09/727,282, and with the subject matter U.S. Patent No. 6,409,528 to Bodnar. We, the undersigned, unequivocally state that we are the inventors of the portion of the subject matter found in U.S. Patent No. 6,409,528 which is present in the claims of serial no. 09/727,282." Henry F. Miller, who is not listed as an inventor in the instant application 09/727,282, signed this Declaration. Furthermore, in section E of the remarks, Applicants state "Attached is a Declaration under 37 C.F.R 1.132, signed by the inventors of the present application." Should Henry F. Miller be listed as an inventor of the instant application 09/727,282?

Conclusion

3. Examiner acknowledges receipt of the petition to correct the inventorship of 6,479,298 to Miller et al. in combination with the declaration filed 3/31/2003 stating that the inventors of the instant application 09/727,282 are also the inventors of 6,479,298 to Miller et al. This has overcome rejections regarding 6,479,298 to Miller et al. However, there is a question of the

Art Unit: 1743

inventive entity of the instant application based on responses regarding 6,409,528 to Bodnar.

Several attempts have been made to reach the Attorney to fix this error; however, Examiner has not heard from the Attorney.

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
